"Leather Craft" by Coleco PROJECT KITS are cut from appealing Top-Grain leathers. Each practical project is precision die-cut and punched to insure perfect "go-together" by any age group. Detailed illustrated instructions eliminate the chance of error.

Projects on this page have "Professional looking" styling. Each kit is pre-punched with the same SLIT PUNCHED HOLES used exclusively by master craftsmen. Sufficient genuine leather lacing with lacing needle is furnished to lace the "professional" DOUBLE BUTTONHOLE STITCH.

The selected leathers used in all projects can be used for tooling your own original designs, or left in the original rich, smooth, tannery finish. Certain projects are available in outstanding "pre-carved" designs.

YOUR very first project can be shown with pride—every detail will compare with the work of skilled leather artists.
